

Greetings Seasonal Campers-

In keeping the health and safety of our valued campers as top priority and with the government's regular recommendations for all business entities, Birchview Farm Campground has made the decision to **postpone the beginning of seasonal camping until May 1, 2020**. The COVID-19 pandemic has been an unprecedented event effecting the entire country and feel it best to follow the guidelines as set forth by health agencies, alongside of local and federal authorities. Our primary concern is the health and wellbeing of our campers, guests, staff and local community. Keep in mind, we will look to continuously monitor the situation and make further delays if mandated by these organizations.

The office and store will also be remaining **closed until May 1, 2020**. Please forward any questions or concerns directly to our email box - [info@birchviewcampground.com](mailto:info@birchviewcampground.com) as we will be regularly monitoring and responding from it. Additionally, from now until May 1, NO access will be granted to the campground to ensure the spread of the virus avoids the property. If you have a need for an appointment such as delivery or pick up, these will be considered on a case by case basis so please reach out to the email address listed above.

To make up for this missed time, we have already made the decision to **extend normal seasonal camping until October 31, 2020**. As things change daily and weekly, we will continue monitoring the situation for any other potential extensions needed. This is as new to us just as it is to all of you and we truly appreciate your patience and understanding.

Our hearts and thoughts continue to be with those affected by this COVID-19 pandemic, especially those of you on the front line in the medical field, retail services, restaurants and logistics, to name a few. Your bravery and efforts are not unrecognized as you continue to fight and work through this unprecedented event for all of us.

We want to thank you for putting your trust in us and rest assured that while this was a difficult decision to make, it is the best option for our guests, families, campground and community. Please join our private group on Facebook for further updates as they occur, both for now and in the future. It is named Birchview Farm Campground.

Be well, stay healthy, take care of each other, and we look forward to seeing you all again soon.

Yours in Hospitality,

Mary Fulton and Family
